Bus Safety

How to get on a school bus safely....

1. Be at your bus stop 5 minutes prior to the scheduled pick up time.
2. Maintain order and stand in a single file line at the bus stop, standing at least 10 feet off the road.
3. Do not move towards the bus until it comes to a complete stop and you get the signal from the driver to approach the bus or cross the road.
4. Always watch for the drivers signal, cross 10 feet in front of the bus.
5. If the driver honks the horn with one long blast, this means danger and you need to get back to the side of the road you came from. Keep a sharp eye out for traffic.
6. After boarding the bus, take your seat quickly, especially important on the highway.
