Community Forestry Day

The Foresters' Ball is founded on a tradition of hard work, community support and involvement. The addition of Community Forestry Day to the Foresters' Ball builds on that foundation by creating a dynamic learning environment that is both attractive and appropriate for families and children of all ages.

Community Forestry Day is a new, interactive event at the Foresters' Ball, providing a venue for children and their families to engage in fun, experiential learning about the natural environment. Here, attendees can participate in hands-on demonstrations by a wide variety of presenters with strong ties to the natural world.

Community Forestry Day is presented through a partnership of the Foresters' Ball and Forestry Scholarship Association
